

The FAITH at Sacred heart IS UNWAVERING.

Academically speaking, college-readiness and smart students have always been hallmarks of SHCS and this year's senior class is proving that they are some of the best and brightest in our history.

The college entrance ACT exam has been taken by almost 90% of our seniors with an average score of 25.14. Compare that statewide, where only 45% of high school seniors take the ACT exam with a 19.5 average for students tested in 2017. This year's senior class has already received over 1.5 million dollars in scholarships.

That works out to \$67,000 per student!

This consistent and impressive academic success is a real testament to the parents who choose SHCS and an absolute validation of their decision to make the sacrifice to send their children to our school

Additionally, and perhaps even more important, our school has produced many priests, religious, and lay ministers in our Church.

Not only are our students immersed in their faith on a daily basis, but they are well-prepared to live and share their faith once they leave our campus. Given the historic dedication to both the Catholic faith and academics, we believe that Sacred Heart is an excellent choice for your child's faith and education.

We are inviting you to be a part of OUR FAMILY. Give Us A Call 940-759-2511.

Catholicism is our Foundation

- 7380** Minutes spent in Religion Class annually.
- 108** the number of times during the school year the students receive the Eucharist at weekday Masses.
- 36** the number of times our students attend Adoration
- 100** the number of service hours required for high school students prior to graduation.
- 2** times a year students receive the sacrament of Reconciliation.
